

5 Points Prep
College Essay Crunch
March 27th, 10am-3pm

What you will learn:

1. All about the college application process and how admissions professionals read your application and make decisions about your candidacy.
2. How to come up with content for your personal essay, including brainstorming and freewriting exercises.
3. How to craft that content into a well-written, cohesive narrative, including organization, flow, style, tone, and grammar.
4. Common college essay mistakes and what *not* to do when writing your college essays, as well as “must-haves” that will ensure your essays stand out!
5. How to research, organize, and write a “Why University” supplemental essay

Our college essay crunch course will help set you up for success as you embark on this vital aspect of your college application.
